Statement of responsibilities in respect of the Members' report and the financial statements

The Foundation's responsibilities

The Foundation is required to:

- Make arrangement for the proper administration of its financial affairs and to ensure that one of its officers has the responsibility for the administration of those affairs. In the Foundation, that officer is the Responsible Financial Officer.
- Manage its affairs to secure economic, efficient and effective use of resources and safeguard its assets; and
- Approve the financial statements

The Responsible Financial Officer's responsibilities

The Responsible Financial Officer is responsible for the preparation of the Foundation's Statement of Accounts in accordance with proper practices as set out in the Isle of Man Statement of Recommended Practice 2007 on accounting for entities subject to the Audit Act 2006 ("the SORP").

In preparing the Statement of Accounts, the Responsible Financial Officer is required to:

- Select suitable accounting policies and apply them consistently;
- Make judgements and estimates that are reasonable and prudent; and
- Comply with the SORP.

The Responsible Financial Officer has also:

- Kept proper accounting records which were up to date; and
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

The Responsible Financial Officer should sign and date the Statement of Accounts, stating that it presents fairly the financial position of the Foundation at the accounting date and its income and expenditure for the year ended 31 March 2012.

Statement of Internal Financial Control

For the year ended 31 March 2012

Introduction

Regulation 8, paragraph 3(e) of the Accounts and Audit Regulations 2007 requires the Foundation to conduct a review at least once in a year of the effectiveness of its system of internal control and include a statement on internal control within the Foundation's Financial Statements.

This statement is made by the Foundation to the Isle of Man Government Treasury in accordance with the requirements of the Isle of Man Government's Corporate Governance Principles and Code of Conduct ("the code").

Responsibilities of the Members and the Responsible Financial Officer

The Members control strategy, policy and key financial and operational matters within the Foundation. In addition, it is the Members' responsibility to ensure that the work of the Responsible Financial Officer and other senior officers supports the strategy and policy approved by the Members.

The Members are responsible for implementing and maintaining systems of internal control and corporate governance which:

- Ensure compliance with legislation and other regulations;
- Safeguard public money, ensure that it is properly accounted for and that it is used economically, efficiently and effectively; and
- Support the achievement of the strategy, policies, aims and objectives approved by the Members.

In discharging this responsibility the Members work with senior officers to put in place arrangements for the governance of the Foundation's affairs and the stewardship of resources, in accordance with the Code.

Internal control and corporate governance environment

The Foundation's systems of internal control and corporate governance have been developed through an ongoing process designed to identify the principal risks, to evaluate the nature and extent of those risks and to manage them efficiently, effectively and economically. The following are considered to be key aspects of the internal control and corporate governance environment:

• Foundation's corporate governance framework

A corporate governance framework has been developed which documents the Foundation's policies and procedures in relation to community focus, performance, internal control, risk management, delegated authority, human resources management, standards of conduct and management of Health & Safety and the environment. The framework provides a structure for documenting the legislation, regulations, policies, procedures and other internal controls which, when taken together, form the Foundation's internal control and corporate governance environment.

Statement of Internal Financial Control (continued)

For the year ended 31 March 2012

Internal control and corporate governance environment (continued)

• Members meetings

The Foundation meets every two months and consists of a Chairman and 6 other Members. The Members receive reports from the Foundation's Officers on operational matters and ensure that the work of the Responsible Financial Officer and other senior officers supports the strategy and policy approved by the Members.

Review of internal control and corporate governance environment

The effectiveness of the Foundation's internal control and corporate governance arrangements is continuously assessed by the work of management and the Members.

Report on internal control and corporate governance environment

Attention is drawn to the fact that systems of internal control and corporate governance are designed to manage rather than eliminate the risk of failure to achieve objectives. They can therefore only provide reasonable and not absolute assurance. Accordingly, reasonable assurance is given that, the Foundation's internal control and corporate governance arrangements are adequate anthoperate effectively during the period ended 31 March 2012.

Notes

(forming part of the financial statements for the year ended 31 March 2012)

1 Accounting policies

a) Basis of accounting

These financial statements have been prepared under the historical cost convention.

b) Income and expenditure

The accounts of the Foundation are maintained on an accruals basis. Activity is accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:

- Fees and charges due from customers are accounted for as income at the date the relevant goods or services are provided.
- Employee costs are charged as expenditure when they are due rather than paid, including any arrears of pay or pay awards.
- When income and expenditure has been recognised but cash has not been received
 or paid, a debtor or creditor for the relevant amount is recorded in the balance
 sheet. Where it is doubtful that debts will be settled, the balance of debtors is
 written down and a charge is made to revenue for the income that might not be
 collected.

c) Grants

Grants approved are accounted for on an accruals basis and any grant not claimed within two years of the date of its award is cancelled.

d) Publications

Commercial sales of publications are included in the income and expenditure account net of the related production costs (note 3). This element of income is accounted for on an accruals basis.

e) Tangible fixed assets

Tangible fixed assets are stated at cost and are subject to an annual depreciation charge. Fixed assets are depreciated on a straight line basis over the following periods, with a full year's depreciation being charged in the year of purchase and no charge in the year of sale.

(i) Computer equipment 3 years(ii) Other assets 5 years

The use of these depreciation methodologies means that the Foundation is not required to carry out a detailed impairment review at the end of each reporting period (SORP section 3.107(a)). However an impairment review should be carried out if events or changes in circumstances indicate that the carrying amount of a fixed asset may not be recoverable.

Notes (continued)

(forming part of the financial statements for the year ended 31 March 2012)

1 Accounting policies (continued)

e) Stock

Stock is carried at the lower of cost and net realisable value. The net realisable value of any item of stock is deemed to be nil if still held by the foundation three years after purchase.

2 Taxation

No provision for Manx Income Tax is provided for in these financial statements as the entity is a registered Foundation and not liable to Manx Income Tax.
